

3rd Annual School Sports NL Education Week Contest

School Sports NL and NLTA Celebrate Education Week 2011

Participation Nation (PN) is a physical activity program for grades 4-9 designed by School Sports NL (SSNL); implemented by volunteer facilitators in the school system; and funded by the Provincial and Federal governments.

Education Week is the perfect occasion for your students in grades 4-9 to participate in a fun and exciting special event. It could be a huge game of Kin Ball, Capture the Flag, Cupstacking or perhaps winter events such as snowshoeing and/or skiing. We leave the planning to you! Any event that gets your students moving during NLTA'S Education Week qualifies your school to receive the following support from SSNL:

- *T-shirts, sports equipment to be used for random participant rewards*
- *If you host an activity for 3 or more schools in your area for grades 7, 8, 9 we will help with funding for a nutritious snack and milk for your students and guests*
- *Every school that registers their event with us will be entered into a draw for a physical activity grant of \$500. This grant must be used for upgrades of physical education equipment or to fund a physical activity event for your entire school.*

Last year over 45 schools participated with Fortune Bay Academy winning the *\$500 grant*.

To register an event
please call the School Sports NL PN office at 709 729-3684
or by e-mail at tboyer@sportnl.ca.

We will need to know the activity you are planning and the approximate number of students.

**We are moving offices on March 1st
so we have set the deadline to register as February 22nd.**

SSNL would like to thank our Education Week 2011 Sponsors
