

# 4th Annual School Sports NL Education Week Contest

## School Sports NL and NLTA Celebrate Education Week 2012

Participation Nation (PN) is a physical activity program for grades 4-9 designed by School Sports NL (SSNL); implemented by teacher facilitators in the school system; and funded by the Provincial and Federal governments.

Education Week is the perfect occasion for your students to participate in a fun and exciting special event. It could be a huge game of Kin Ball, Capture the Flag, a Dance or perhaps winter events such as snowshoeing and/or skiing. We leave the planning to you! Any event that gets your students moving during NLTA'S Education Week qualifies your school to receive the following support from SSNL:

- *T-shirts, sports equipment to be used for random participant rewards;*
- *If you host an activity for 3 or more schools in your area for grades 4-6 or 7-9 we will help with funding for a nutritious snack and milk for all participating students;*
- *Every school that registers their event with us will be entered into a draw for a chance to win a motivational presentation from Dr. TA Loeffler. TA recently completed her sixth of the seven summits. Vinson Mastif, the highest peak in Antarctica. She aims to inspire others to have big dreams and big goals by sharing her adventures.*

To register a physical activity event you need to let us know the following:

1) the planned activity; and 2) the number of participants

To register please call the School Sports NL PN office at 709 729-3684  
or by e-mail at [SSNLPN@sportnl.ca](mailto:SSNLPN@sportnl.ca).

In order to ensure that your prizes arrive in time for your event,  
**the deadline to register is February 24th**

SSNL would like to thank our Education Week 2012 Partners:
