

Dear Colleagues / School Representatives...

Thank you for taking the time to read my campaign message (please forward to the teachers in your school).

I am seeking re-election as Vice-President on December 4th!

As your Vice-President, I have worked decisively and diligently to address long-standing issues within our workplace and respond to critical and emergent needs.

3 Key Messages

#1: We are a Union & a Professional Association - both are equally essential to our protection and growth. As Chair of your Negotiating Team and member of the Provincial Executive, these dual mandates drive my daily work.

#2: Now is NOT the time to be complacent. The Newfoundland & Labrador public education system is undergoing significant change at unprecedented rates. The recommendations of the Premier's Task Force require constant monitoring, critical analysis, and calculated responses. I make every effort to educate myself on provincial, national, and international issues impacting education and teacher welfare (e.g. workplace mental health, violence, student accountability,...), proactively engaging in efforts to reduce workload and workplace stressors.

#3: I value your time, your contribution, and your perspective. There are times when you need individual support and attention. I have been available to members as needed and will commit to serving you in this personal capacity.

It has been an honor to serve as your Vice-President during this term.

I have been proud to represent you (under the direction of our President and Provincial Executive) and I am energized by the influence of our teachers throughout our province, in our communities and society as a whole.

I respectfully ask for your support on Election Day (December 4th)!

Thank you,

Trent
