

Re-Elect TRENT LANGDON

as

NLTA Vice-President (2019-2021)

Dear Colleagues:

As we approach the NLTA Election on December 4th, please consider my platform:

#1: We are a Union & a Professional Association - both are equally essential to our protection and growth. As a teacher, Chair of your Negotiating Team, and member of the Provincial Executive, these dual mandates drive my daily work.

#2: Now is NOT the time to be complacent. The Newfoundland & Labrador public education system is undergoing significant change at unprecedented rates. The recommendations of the Premier's Task Force require constant monitoring, critical analysis, and calculated responses.

I make every effort to educate myself on provincial, national, and international issues impacting education and teacher welfare (e.g. workplace mental health, violence, student accountability,...), proactively engaging in efforts to reduce workload and workplace stressors.

#3: I value your time, your contribution, and your perspective. There are times when you need individual support and attention. I have been available to members as needed and will commit to serving you in this personal capacity.

'Proactive and Proven Representation'

I respectfully ask for your support on December 4th
