

Member Update re K-12 Education Announcement

July 7, 2020

Your Association continues to advocate for a responsible and safe school re-entry plan for September 2020, one that provides a safe teaching and learning environment in compliance with Public Health directives and guidance and which respects the collective rights of members.

Please be advised that the NLTA is in the process of obtaining a detailed legal opinion on Government's K-12 Education Re-entry Plan as it pertains to our collective agreements. By way of update, please find attached:
