*The right to learn, the power to achieve*

## Join our Team and Help Students with Learning Disabilities using Remote Teaching

### Online Tutoring Positions Available

The program we use, The Barton System, is an Orton-Gillingham based program designed for individuals with Learning Disabilities (Dyslexia/SLD). The program teaches phonemic awareness and phonics skills in a direct, sequential way using multi-sensory teaching methods and has been very successful.

We are recruiting tutors for September to offer this program using an online platform. You can work from home. Training in the program and teaching materials are provided. Positions are also available for Math tutoring.

This is a great opportunity to get trained in a sought-after Dyslexia program, gain valuable teaching experience and increase your skills to build your resume.

**Usual hours: Monday to Thursday, 4:00pm-8:00pm**

**Hourly rate: \$13.00**

**Email your resume to: [info@ldanl.ca](mailto:info@ldanl.ca)**
