

RTANL Avalon East Division

Fall Update

At the October 14, 2021 executive meeting of the RTANL Avalon East Division we decided, after careful consideration, to cancel our annual Christmas Luncheon and Craft Fair. Due to the number of covid cases in our area, we felt that at this time it would not be wise for us to gather in a large group. It was a difficult decision as we acknowledge how so many of our members look forward to this event.

By way of brief update, we continue to support the Retired Teachers' Foundation with a donation of \$3,000. This money supports charities as identified by the Foundation. In addition, we will make our annual \$1,000 donation to the School Lunch Association.

We look forward to the time when we can all gather safely again. Please stay safe and continue to follow all public health guidelines. It is our hope that we may be able to reschedule our Picnic in the Park event for the spring of 2022.
