
ELECT ANGELA DAWE FOR NLTA VICE-PRESIDENT 2027-29

My name is Angela Dawe, and I'm a junior high teacher at Brother Rice Junior High School in St. John's. I am running to be the NLTA's next Vice-President. I have been elected to our Provincial Executive for the past three consecutive terms, and it has been my distinct honour to serve as Table Officer for the last four years. Scanning social media, listening to conversations in staff rooms/meetings, hearing the voices of those that reach out to me, and debating the issues that come to the executive table, I feel (and live) the weight that many members are carrying.

Looking to the future, my goal is to continue to serve the membership with meaningful advocacy. However, I wholeheartedly encourage more members, especially those of equity deserving groups, to consider pursuing leadership opportunities within the NLTA.

Pushing for meaningful change is an uphill battle; however, this does not intimidate or deter me. My ultimate goal is to help shift the needle to create better working and living conditions for our members. Every gain for one of our national teacher organization counterparts strengthens our plight. This fuels me to work hard for *us*. Networking with our counterparts across the country has been an integral part of my learning.

As professionals, we are stronger together. Any effort to divide our membership is intended to weaken our front. In a world that is increasingly pushing divisive rhetoric, I maintain the hope and belief that collectively, we can work together to elevate our members, as trusted professionals, and to elevate public education to its rightful place. When considering your options for NLTA Vice-President 2027-29 in December of this year, I ask that you consider my experience, passion, and dedicated commitment when casting your ballot.

VOTE ANGELA DAWE
Experience. Wisdom. Passion.
Undeniable commitment.
